

# Special Opportunity for teachers in schools served by Consumers Energy!

**THINK! ENERGY** with Consumers Energy, an energy efficiency educational program, is being offered next year beginning in early March.

Teachers and students will **Think! Talk!** and **Take Action!** about their energy usage to learn how wise energy actions make a difference.

Teachers may qualify to receive a \$100 mini-grant for classroom use, subject to meeting eligibility requirements. Enroll now to save your spot during March 2012.
